#### About the Schroder Real Return Fund (ASX: GROW)

The Schroder Real Return Fund is an actively managed, objective based multi-asset investment strategy, designed to help investors grow their wealth with reduced levels of risk and volatility. The aim is to deliver a return of 5% above Australian inflation (before fees) over a three year rolling period without taking undue risk, so that the journey to achieving this objective is a relatively stable one.

Utilising broad investment ranges across a variety of assets, the Fund uses a dynamic approach to asset allocation to take full advantage of opportunities presented in the market, whilst maintaining the flexibility to adapt to changing market conditions.
